Air Tool Lubricant
10 Weight

A specially formulated High Grade Lubricant prolongs the service life of Air Tools, Cylinders and Accessories while permitting maximum performance. Prohibits rust and removes moisture as it lubricates. It is non-corrosive, non-reactive and doesn't decompose. This compound is superior in performance to ordinary lubricates

2-1/2"	HGV250	\$390.94
2-1/2" NST Female x 2-1/2" NPSH Male		

"King"
Combination Nipples

Hose nipples made from tubular stock to fit straight end hose. Threaded end has male NPT thread - same size as hose; i.e. 2" nipple has 2" thread and fits 2" I.D. hose. Combination nipples are recommended for low pressure discharge and suction service. *The working pressure of combination nipples varies with the size of the nipples, the size and construction of the hose and the type of clamping system used; consult the Factory for recommendations.*

COMBINATION NIPPLES Unplated Steel, NPT Ends
