Heavy Duty Air Angle Sander-7" Pad

IR313

With up to 5,000 rpm free speed, you can work faster on light and heavy sanding jobs, including roughing body filler, removing rust, and smoothing welds.

- Heavy duty motor handles tough jobs
- Ball bearing construction for long life
- Lightweight, only 4.2 lbs

INGERSOLL-RAND

\$287.⁷⁷

Heavy Duty Air Nibbler

IR325

Get a bigger bite and better angle cuts with our air nibbler. Instead of shearing or sawing, the tool actually "nibbles" cold rolled steel, plastic, tin, aluminum, and other metals, up to 18 gauge thicknesses at a rate of more than 6 ft. per minute. It's ideal for paint and auto body shops, tinsmiths, and sheet metal shops.

- Holds a tight 1/4" radius with great accuracy
- Cuts out quarter panels without distorting the edges of the material
- Starts cuts in the center of a panel
- Easy to operate and control
- Balanced, lightweight tool

Heavy Duty Air Cut-Off Tool

IR326

Exhaust replacement is this powerful tool's specialty. Now you can cut off mufflers and tail pipes quickly, efficiently, and quietly. It has an 18,000 rpm motor that can handle the toughest exhaust replacements and cut sheet metal, nuts and bolts.

- 3/8" arbor x 2-7/8" wheel size.
- 360 degree rotatable chrome-plated spark guard
- Contoured lever throttle with positive self-locking action
- Fast, quiet, 27/8" diameter
- Built-in speed regulator

INGERSOLL-RAND

\$84.⁰⁸

Heavy Duty Air Reciprocating Saw

IR429

The new IR429 is a versatile air saw for cutting intricate shapes and light radius curves in all types of plastics, fiberglass, and composite materials, as well as aluminum and sheet metal. This reduced vibration tool is excellent for body shop repair, muffler and exhaust work, and sun roof installations.

- Comes with six high-speed steel cutting blades and two hex wrenches
- Cut on flat and curved surfaces
- Durable, long-life tool

INGERSOLL-RAND

\$127.⁸³

3/8" Heavy Duty Air Drill

IR7802

With its industrial grade 3/8" chuck, this economical choice includes high quality features for general drilling and hole sawing jobs. The planetary gear reduction balances the load on bearings and gears for increased tool life.

- Lightweight, compact drill
- Variable speed throttle
- Handles smoothly
